Juspay Hiring Challenge 2025

Hi **Uday Singh**,

We appreciate your participation in the Juspay Hiring Challenge 2025 journey! As we approach the Round 1.1 - MCQ Assessment scheduled for 17th July 2025, it's imperative to thoroughly review the essential instructions and guidelines provided below. These insights are pivotal for ensuring a smooth and successful assessment experience.

Note: We strictly prohibit any form of cheating, plagiarism, or unfair practices such as registering and attempting the assessment using multiple IDs. Any violation will result in immediate disqualification of the participant.

Timelines & Instructions:

- **Online Assessment Window:** 12:00 PM, 17th July 2025 to 8:00 PM, 17th July 2025

- **Online Assessment Duration:** 30 Minutes

- **Time Allotted per Question:** 60 seconds

- **Total Questions to be answered:** 30 multiple choice questions based on topics like Logical Reasoning and Coding Fundamentals

- You can attempt the round anytime between the provided round window.

- Please ensure that you attempt the round in one sitting, as once you start the round, the timer won't stop.

- You will see the "Start" button in the Assessment round to initiate the assessment.

- You will have to finish the assessment before the assigned deadline. To get the complete assessment duration, you need to start latest by 7:30 PM 17th July 2025. Otherwise, you will get less time to complete the assessment.

- While you are taking the assessment, your answers and the time of their submission are also tracked by the system question-wise.

- You will **not** be able to browse through the questions.

- There is no negative marking for this assessment.

- Please note, that any participant resorting to unfair practices will be directly disqualified from the challenge. All decisions in the matter of eligibility, authenticity & final judgment will be with Unstop and Juspay.

System Requirements:

- A laptop/desktop (for attempting the assessment) with at least **8GB RAM**.

- Ensure that the device has **webcam & microphone access** and is connected to a stable internet connection (> 10 Mbps). Please note that an unstable internet connection can result in your assessment being terminated.

- Ensure all notifications & interruptions are turned off on the device OR do-not-disturb (DND) is enabled.

- Ensure that the device is fully charged or is connected to a power outlet.

Steps to Download the SmartHire App:

The assessment will be hosted on Unstop SmartHire App. Follow the instructions given below to download and use the application:

- Go to the Opportunity page.

- Click on the "Start" button beside the Assessment round.

- Download the SmartHire App from the given option according to your system (Windows/Mac). Please note that the assessment is not supported on Linux systems.

- Copy the Visible Code from the Start page itself.

- Open the SmartHire App and paste the copied Code and your assessment will begin.

- If you are still facing any issues, do reach out to us at support@unstop.com with a proper screen recording.

Proctoring Related:

- You can attempt the assessments **only on a desktop/laptop with webcam access.**

- **The assessments will be hosted in full-screen mode.**

- Anything that disturbs the full-screen mode of the assessment is treated as a violation. It may be due to any of the following reasons but not limited to:

    - Tab Switching

    - Screen Sharing with anyone

    - Clicking on the escape button

    - Computer going on Sleep (Adjust your power or sleep mode settings)

    - Windows or Browser or any Application specific notifications (Put them in No Disturb Mode or switch them off while the quiz is on)

    - Anything else that may result in disturbing the full-screen mode

- The assessment does not get terminated on the first such instance. Only repeated violations will result in disqualification and termination of the assessment immediately.

- Your face will be verified before the start of the assessment from the photo that was captured during registration.

- Your face may be verified again during the assessment.

- Your face will be constantly detected and violations will be tracked and reported while the assessment is on. Eg: Two faces in front of the camera, No one in front of the camera, etc.

If you come across any instance of cheating or unfair means, please report it to support@unstop.com.

To ensure a more thorough assessment of technical and analytical skills, we will be having **another MCQ round based on Systems, Algorithms and Data Structure, Logical Reasoning, Physics and Mathematics for the students who qualify the Preliminary MCQ Round.** This addition is aimed at enhancing the precision of our candidate evaluations, allowing

us to better identify individuals who are the right fit for Juspay's problem-solving and innovation-driven culture.

Best of luck, and we look forward to your participation!

Regards,
Team Juspay Hiring Challenge 2025
